

tension

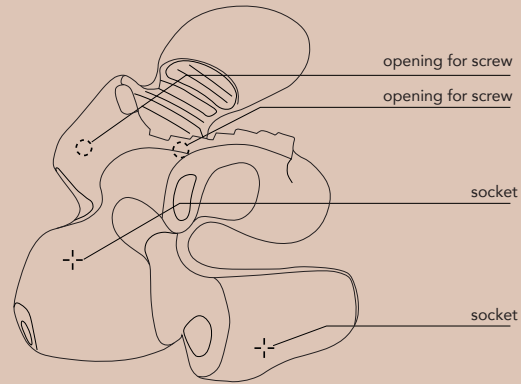

Instruction Manual

'Tension' is a sculptural wall sconce carved by hand and fired in bisqueware.

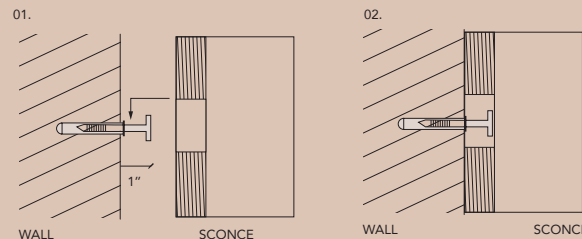

MATERIAL Ceramic Bisque
 SIZE 20"x17"x8"
 COLOR Off-White
 BULB GU10
 VOLTAGE 100-240V

*All pieces are handmade, making each piece unique. Inconsistency in shape, texture, color and size may occur due to its natural material and working process.

installation

01. Turn off the electricity supply.
02. Drill holes in the designated locations on the wall.
03. Insert 2x screw plugs into the drilled holes.
04. Screw 2x screws into the plugs, leaving them 1 inch from the wall, to secure them in place
05. Insert 2x bulbs into the sockets of the lamp.
06. Connect the lamp to the electricity supply.
07. Hang the lamp on the screws securely.

safety note

All works must be under electricity disconnected, all operation under the national valid regulations. Observance instructions manual is parts of guaranty, wrong operation without observance instructions manual may lead to equipment damaged, fire or other danger.

bulb switch

For bulb replacement, it is critical to first disconnect the sculpture from the power supply, ensuring all procedures adhere to nationally recognized safety regulations. Once the power is cut off, remove the sculpture from the wall. After this, proceed with the bulb replacement.

cleaning:

To clean your ceramic lamp: turn it off and unplug it, use a dry soft cloth to wipe the surface (no abrasives), avoid using alcohol-based fluids, if needed use a damp cloth, allow the lamp to dry before plugging it in again. Proper cleaning can help maintain appearance and prolong lifespan.
